

Istituto di Neuroscienze Cliniche della Svizzera Italiana EOC

Third European Conference on Neuro-Acupuncture

28-30 November 2025

**Università della Svizzera Italiana,
Sala 103 Campus Est**

**Ospedale Regionale di Lugano,
Italiano**

Introduction

Dear Ladies, Dear Sirs, Dear Colleagues,

It's with great pleasure that we invite you to participate in the Third European Conference on Neuro-Acupuncture in Lugano, following the first two editions in London and Siena.

Neuro-Acupuncture is a new frontier in the treatment and rehabilitation of neurological disorders. The effect of acupuncture on the nervous system has been known for some time, but only recently have ancient techniques begun to be reviewed in the light of neuroscience.

This process has seen numerous experts refine the theory and practice of certain techniques that can now be easily learned and used in Western clinical settings, with significant results in the treatment of neurological disorders.

The unique feature of Neuro-Acupuncture is the evolution that the tradition has undergone, which now allows for a high degree of standardisation in treatments.

During this afternoon, leading international experts will present the most widely used techniques in neuro-acupuncture and the clinical results of an integrated multidisciplinary treatment.

On Saturday morning, you will have the opportunity to participate in workshops covering the theory and clinical cases of Neuro-Acupuncture. On Saturday afternoon and Sunday, we have organised thematic seminars dedicated to those who want to learn more about the technical methods of Neuro-Acupuncture.

It will be an opportunity to share with you our knowledge and practice of Neuro-Acupuncture, which is not exclusively aimed at acupuncturists, as it can also be practised by those who have no knowledge of classical acupuncture.

We look forward to seeing you in Lugano and we send you our warmest regards.

Dr. med. Giuseppe Peloni

PD Dr. med. Paolo Maino

Prof. Dr. med. Alain Kaelin

Dr. med. Cecilia Lucenti

Friday, November 28th

Università della Svizzera Italiana, Sala 103 Campus Est

14:00

Welcome

Prof. Dr. med. Alain Kaelin

Dr.ssa Lara Lauer

14:15

New WHO Global Traditional Medicine Strategy 2025-2037

Dr. Sung Chol Kim

Chair: PD Dr. med. Paolo Maino, Dr. med. Giuseppe Pelsoni
